

# Duty of Disclosure for insurance cover

Before a superannuation fund trustee like Sunsuper Pty Ltd enters into a life insurance contract in respect of your life, it has a duty to tell the insurer anything that it knows, or could reasonably be expected to know, that may affect the insurer's decision to provide the insurance and on what terms.

The trustee entering into the contract has this duty until the insurer agrees to provide insurance. The trustee has the same duty before it extends, varies or reinstates the contract. The trustee does not need to tell the insurer anything that reduces the risk of the insurance, or is common knowledge, or the insurer knows or should know as an insurer, or where the insurer waives the duty to tell them.

## **If you as a member of Sunsuper do not tell us or the insurer something**

If you, as the person whose life is to be insured under the life insurance contract, do not tell us or the insurer something that you know, or could reasonably be expected to know, may affect the insurer's decision to provide insurance and on what terms, this may be treated as a failure by us to comply with our Duty of Disclosure. This could affect the insurance cover provided to you as described below.

## **If we do not tell the insurer something (because you didn't tell us or otherwise)**

In exercising the following rights, the insurer may consider whether different types of cover can constitute separate contracts of life insurance. If the insurer does, it may apply the following rights separately to each type of cover.

If we do not tell the insurer anything we are required to, and the insurer would not have provided the insurance if it had been told, the insurer may avoid the contract within three years of entering into it.

If the insurer chooses not to avoid the contract, it may, at any time, reduce the amount of insurance provided. This would be worked out using a formula that takes into account the premium that would have been payable if we had told the insurer everything we were required to. However, if the contract has a surrender value, or provides cover on death, the insurer may only exercise this right within three years of entering into the contract.

If the insurer chooses not to avoid the contract or reduce the amount of insurance provided, it may, at any time, vary the contract in a way that places the insurer in the same position it would have been in if we had told the insurer everything we were required to. However, this right does not apply if the contract has a surrender value, or provides cover on death. If the failure to comply with the Duty of Disclosure is fraudulent, the insurer may refuse to pay a claim and treat the contract as if it never existed. For further information please contact us.

# Request for insurance / personal statement

This form can be used to obtain or change your insurance cover.

## Your Duty of Disclosure

When you apply for a life insurance policy, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you extend, vary or reinstate the policy.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If someone other than you will be the life insured under the policy, any failure by that person to comply with the above duty will be treated as failure by you.

If you request life insurance inside super, the Trustee obtains this insurance from us in relation to you. In this circumstance, we rely on the disclosures that you or the Trustee makes to us.

## If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate policies of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the policy within 3 years of entering into it.

If we choose not to avoid the policy, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the policy provides cover on death, we may only exercise this right within 3 years of entering into the policy.

If we choose not to avoid the policy or reduce the amount you have been insured for, we may, at any time vary the policy in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the policy provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

## Information about genetic tests

If you have had a genetic test, you only need to disclose this to us if your total insurance cover (including cover under superannuation or held with other life insurers as well as cover applied for) will be more than any one of the following:

- \$500,000 life cover, or
- \$500,000 Total and permanent disability cover (TPD), or
- \$200,000 critical illness (trauma) cover, or
- \$4,000 per month income protection cover, salary continuance cover or business expenses cover.

Your cover may have been arranged through a financial adviser or directly with a life insurance company or cover is held under a group arrangement.

If you have had a favourable (negative) genetic test result you can provide this information regardless of the amount of cover applied for.

# Authority to Release Medical Information

(to be completed in All cases)

## Notes on releasing information about your health

Your health information includes details about all your interactions with health providers, and may include details such as your symptoms, treatment, consultations, personal medical history and lifestyle. Health providers cannot release this information about you without your consent.

We, **MLC Life Insurance**, collect and use your health information to assess your application for cover, to assess and manage your claim, or to confirm the information you gave us when you applied for cover or made a claim. This is why we need your consent.

Each time you apply for cover or make a claim, we will ask you for a fresh consent. We will respect your privacy by only asking for the information we reasonably need, and we will tell you each time we use your consent.

Even if we collect information from health providers (such as your General Practitioner), before the insurance starts you must still tell us every matter (including about your health) that is relevant to our decision about whether to offer you insurance, and if so, on what terms. This is your Duty of Disclosure under the Insurance Contracts Act 1984 (Cth).

Please read each Authority carefully and the explanatory notes below.

**Authority 1 explanatory notes** – through this Authority, with the exception of a copy of the consultation notes held by your General Practitioner/Practice, you are consenting to any health provider releasing any health information about you in the form we ask for. This may involve, for example:

- preparing a general report and/or a report about a specific condition;
- accessing and releasing your records in SafeScript;
- releasing your hospital patient notes;
- releasing the results of any investigations they have done; and/or
- releasing correspondence with other health providers.

**Authority 2 explanatory notes** – through this Authority, you are consenting to any General Practitioner/Practice you have attended releasing a copy of your full record, including consultation notes, but only if we have asked them to provide a general report and/or a report about a specific condition under Authority 1, and either:

- they will be unable to, or did not, provide the report within 4 weeks; or
- the report provided is incomplete, or contains inconsistencies or inaccuracies.

Your General Practitioner maintains consultation notes to support quality care, your wellbeing and to meet legal and professional requirements. General Practitioners/Practices should only release a copy of your full record, including consultation notes, for life insurance purposes in the rare circumstances set out above.

If you choose to withhold your consent to this authority, we may not be able to process your application for cover or a claim.

## HIV Antibody Blood Test

In accessing this application for insurance we may ask you to have a blood test to check your overall health, and to test for HIV. This is because we need to understand your state of health when taking out a life insurance policy.

The test can be done by your own doctor, by appointment with a doctor or paramedical nurse arranged by us, or directly with the pathology laboratory.

This test is voluntary, however, if you choose not to have the test, it could affect our decision to accept this application based on the other information you have provided to us.

### AIDS/HIV

- Acquired Immune Deficiency Syndrome (AIDS) is a viral disease caused by the Human Immunodeficiency Virus (HIV).
- HIV weakens and destroys some of the white blood cells in our bodies – these cells help protect our bodies against infection and cancer.
- Evidence suggests that the virus will be in the body indefinitely but there are now effective treatment options available called antiretroviral therapy (ART).

### A negative result

A negative result means you have not been infected or you have been infected recently but your body is not yet displaying the infection.

### A positive result

A positive result means you have been infected by HIV.

Knowing that you are HIV positive has legal consequences which vary across all States and Territories. Because the long-term outlook for HIV and developing AIDS is unknown, most insurance is unlikely.

### What happens to the results?

- You'll be asked to nominate your family doctor – or an alternative – to be sent the result by us and provide you the counselling.
- This will be in the consent declaration in the Application Form attached to this brochure.
- If the test is arranged by us the result is sent to us, MLC, confidentially to protect your privacy.
- If it's positive, you will receive proper counselling from a doctor.

### Your choice

There may be several reasons you choose not to have this test including the impact of a potentially positive result on the HIV test.

If you may need more information before deciding, you are advised to seek advice from your own doctor, or a specialist HIV counsellor. Government and community organisations provide counselling services.
