

Sunsuper wins big at Chant West Awards

Sunsuper has outperformed its rivals and cemented its position as one of the best performers in the superannuation industry by winning Chant West's Super Fund of the Year, for the second year in a row.

The award, one of the super industry's most coveted, is awarded annually by superannuation research and consultancy firm Chant West, to recognise excellence across a range of key criteria including investments, member services, fees, insurance and organisational strengths.

Sunsuper was also recognised with the 'Corporate Solutions Fund of the Year', for the third year in a row, and 'Best Fund: Advice Services' awards.

The 'Best Fund: Advice Services' is based on the range of financial advice services a super fund offers to its members and how relevant and accessible those services are. The 'Corporate Solutions Fund of the Year' award acknowledges the super fund that is working in the best interests of their corporate plan members, including by harnessing economies of scale.

Sunsuper's Executive General Manager of Customer and Technology, Teifi Whatley, who accepted the Super Fund of the Year Award 2018, said the awards were a testament to Sunsuper's commitment to its members.

"As a profit-for-members fund our customers are genuinely at the heart of everything we do, and these three awards are truly a reflection of that," said Ms Whatley.

"At Sunsuper, every interaction with our members is driven by our desire to help them achieve financial freedom, and these awards are evidence of our commitment to inspire and empower our members to fulfil their retirement dreams. We are delighted to be recognised for our ongoing commitment to our members, as well as for our efforts with our employer clients.

"These awards, on top of our Chant West Super Fund of the Year 2017, *Money* magazine's Best Super Fund Manager 2018, Conexus Financial Fund of the Year 2018, Super Review's 2017 Fund of the Year and SuperRatings' Super Fund of the Year 2017 make Sunsuper one of Australia's most awarded superannuation funds."

Sunsuper is one of Australia's largest and fastest growing super funds with more than 1.3 million members and \$55 billion in funds under management.

Sunsuper was also a finalist in the following categories: Pension Fund of the Year, Best Fund Member Services, Best Fund: Investments, Best Fund: Insurance, Best Fund: Innovation and Best Fund: Integrity.
