## **SUNSUPER ANNOUNCES APPOINTMENT OF NEW BOARD DIRECTOR**

Sunsuper has today announced the appointment of Elizabeth Hallett to the position of director of the board.

Ms Hallett, who is based in Sydney, brings a wealth of experience to the role. A partner with international law firm Norton Rose Fulbright for 22 years practising in corporate advisory, private equity, and mergers and acquisitions, Ms Hallett also has extensive board experience most recently being appointed by the Federal Government to the Takeovers Panel in 2013.

Additionally, she was a member of the board of directors of the Australia-Indonesia Institute from 1999-2010, as well as the Children's Medical Research Institute from 2001-2009, where she contributed to the Audit and Risk, and Finance and Investment committees. Ms Hallett also has significant international experience, having been a member of the global Group Executive Committee of Norton Rose Fulbright. She was also based in Jakarta for a number of years.

Sunsuper chair Ron Monaghan welcomed Ms Hallett to the board and said her extensive experience, proven directorial skills and strong capabilities in strategy, mergers and acquisitions, risk management, and corporate governance made her a perfect fit for Sunsuper.

"Ms Hallett's acceptance of the directorship is a major boost for the Fund and her appointment will complement the huge pool of talent already sitting on the Sunsuper board," Mr Monaghan said.

"The mix of board members ensures the interests of all our stakeholders – both members and employers – are best served at the highest level of the organisation. Each of the directors' vast experience in their respective fields will also prove invaluable as we move forward with plans to grow the Fund and expand Sunsuper's footprint."

Ms Hallett said she was delighted with her new appointment.

"Sunsuper is a highly successful fund with an impressive track record of performance and strong aspirations for future growth. I am looking forward to the opportunity of working with the Sunsuper board and management team to help take the Fund through to the next stage of its development," Ms Hallett said.

Sunsuper is a multi-industry super fund and operates purely to generate profit for members. Sponsored by the Chamber of Commerce and Industry Queensland, the Queensland Council of Unions, and the Australian Workers' Union, Sunsuper is managed by a board of six directors with equal employer and member representation.

Ms Hallett replaces former director Peter Annand as one of the three Chamber of Commerce and Industry Queensland appointments on the Sunsuper board.
