Sunsuper rated Australia's fund of the year...again

Sunsuper has again outperformed its rivals and cemented its position as the superannuation industry's best performer by winning SuperRatings 2018 Super Fund of the Year.

The win sees Sunsuper become the first fund to ever be awarded the Chant West, Super Review and SuperRatings Super Fund of the Year awards in a single year.

The SuperRatings award, which is one of the super industry's most coveted, is awarded annually to the fund that offers 'the best value end-to-end product offering' for its members.

Sunsuper secured the prestigious award at last night's 15th Annual SuperRatings and Lonsec Fund of the Year Awards Dinner after outgunning its rivals against 400 different criteria, including member services, growth strategy, financial advice, adviser servicing, fund governance, investment performance and fees.

Sunsuper was also awarded Pension Fund of the Year for its best value for money pension offering and was one of four funds recognised for its overall performance with a 15 year Platinum Performance rating.

Sunsuper Chief Executive Officer Scott Hartley said it was an honour for Sunsuper to accept these awards which highlighted the Fund's commitment to its members.

"The win highlights Sunsuper's ongoing commitment to inspire and empower our members to fulfil their retirement dreams," said Mr Hartley.

"At Sunsuper, every interaction with our members is driven by our desire to help them achieve financial freedom, and these awards are evidence of that. It really shows that as a profit-for-members fund, our members and clients are at the heart of everything we do.

"The recognition by three different ratings agencies in a single year is a massive achievement and is a credit to the entire Sunsuper team."

Sunsuper is one of Australia's fastest growing super funds with one million members and \$46 billion in funds under management.

Sunsuper was also a finalist in the MySuper of the Year and Choice Super of the Year categories.
